

MarKiDini Cal – Border Medium Blanket

This week we are going to make the border. With a nice border you can personalize your blanket. You can use any normal crochet border if you like. You can also make a honey comb border, which I have used in my Stacking Whirls Blanket. You can find that pattern on Ravelry. <https://www.ravelry.com/patterns/library/stacking-whirls>

Or you can choose one of the borders I specifically designed for this blanket. There is a border with a Celtic Cable, a simple 2 stitch cable or a lovely heart pattern. It is up to you. Be careful when reading the patterns for each border. There is a chart for the sides and one for the top and bottom, they are divided over 3 pages each!!! The first chart is for the bottom and the top of the blanket and the next one is for the left and right sides of the blanket. Each border will have multiple pages included for design specific charts.

Videos

Made by: Tania Leis

The videos are made for the small blanket, but the system is the same. Only on the sides you need to make more repeats.

The Border

The border is made with mitered corners. It is a technique that I learned from the 10-stitch blanket which is on Ravelry. I use it to make nice looking corners. I also used the technique in my Stacking Whirls blanket, therefore I have already made a complete tutorial, and will use the Stacking Whirls tutorial, with its photos, here. The photos show a border with 11 stitches. Pick the border you like most and make the chain as long as needed.

THE PATTERN ALREADY STARTS WHEN YOU ARE MAKING YOUR CORNERS!!!!

Read carefully and use the chart from that point.

NOTE: Joining of yarn should be done “behind” the corner stitches and all connections are in the back, similar to how we have worked the lines.

Work as follow

- 1 Bottom
- 2 Right Side
- 3 Top
- 4 Left Side

Start at the corner left bottom of Block 1. Make your chain (see first part of your chart). Follow the instructions and chart.

First Half Corner

Connect your yarn to one of the corners of the square of week 1. Connection MUST be in either the lower right corner or the top left corner (I started with orange).

Chain 11

Row 1

Pick up 2 loops (3 loops on the hook)

Make return pass by pulling thru 2 loops at once! This is for all return passes DO NOT PULL THROUGH 1 LOOP

Row 2

Pick up 3 loops (4 loops)

first one is in 2nd vertical bar,

second one is in the same chain as your second loop of row 1

third one is in the next stitch of the chain

Return pass (see row 1)

Row 3

pick up 4 TSS (5 loops)

Row 4

pick up 5 TSS (6 loops)

Row 5

pick up 6 TSS (7 loops)

Row 6

pick up 7 TSS (8 loops)

Row 7

pick up 8 (9 loops)

Row 8

pick up 9 (10 loops)

Row 9

pick up 10 (11 loops)

Row 10

pick up 11 (12 loops)

Row 11

pick up 12 and make the connection with the block in the corner stitch (13 loops)

Continue with the chart. You need to make the repeat part (green TSS) 10 times. Use a stitch marker every time you start a new pattern.

Continue with the chart when you have finished the 10 patterns.

CORNERS 2,3 and 4

Part 1 of the corner

Decrease left side in the return pass. Pull through 2 stitches at once. You will not crochet the last stitch the next row

Part 2 of the corner color 2

Increasing stitches

Row 1

Forward Pass

You have to pick up the first loop in the last vertical bar of Row 8.

The 2nd stitch you have to pick up is the border stitch of row 7 (3 loops)

Return pass

Row 2

Pick up 3 loops (4 loops)

first one is in 2nd vertical bar,

second one is in the same stitch as your second loop of row 1

third one is the next border stitch

Return pass

Continue with picking up stitches like row 2, you will increase until you have had all loops (the last loop is a connection loop). Look at the chart where you need to start your pattern.

Last Half Corner

We are going to decrease, but we also have to connect to the first half corner.

Forward pass

TSS and make the connection with the block in the corresponding row

DECREASE LEFT SIDE IN THE RETURN PASS

FOR THE CONNECTION, INSERT YOUR HOOK, PULL UP A LOOP AND PULL THAT LOOP THROUGH 2 LOOPS ON THE HOOK.
